ORDER

CV 09-5413 (SJF)(ARL)

LINDSAY, Magistrate Judge:

Before the court is the defendant's application seeking a conference to discuss the dismissal of the case based on the plaintiff's alleged general unresponsiveness and non-compliance with defendant's discovery demands. Plaintiff has not responded to the application.

Defendant's request for a conference is denied at this time. Defendant is advised to proceed by motion seeking dismissal of this action and detailing the specific interrogatories and/or documents requests and the corresponding responses that it believes are deficient. The court cannot make a determination based on the defendant's generic statements that the plaintiff has failed to respond to discovery demands.
